

THESE SWEET MOMMIES are helping their kittens grow healthy and strong and will be available for adoption in June!

"We all really love **SHERMAN** and he has made our lives better! There are no words to express how grateful we are for all your organization does for animals."

SPRING/SUMMER 2018

MEET A FEW OF ANDY'S FOSTER KITTIES!

MAYA

Found pregnant and starving in an alley in Philadelphia, Maya was brought to Andy's Friends where she thrived in a loving foster home and delivered six healthy babies. Another beautiful family saved from the horrors of the streets!

MILLIE'S BABIES

This young mommy delivered five adorable kittens shortly after she was brought to Andy's Friends from an abandoned house in a seedy neighborhood. She is a wonderful mom to her babies; teaching them manners and unconditional love. Another success story!

MADDIE

Some say, "black cats are unlucky" but not this precious mommy! She was rescued from an abusive situation and brought to the safety of a loving foster home. She is raising her family with love and peace.

PURRRRRFECT BEGINNINGS IN THEIR NEW HOMES!

"**GABBY** is my best friend! Thank all of you for what you do for God's gentle creatures!"
"**GRACE** is such a great cat and a joy to have around!"

"**DONUT** has flourished in our home and we love her addition to our family!"

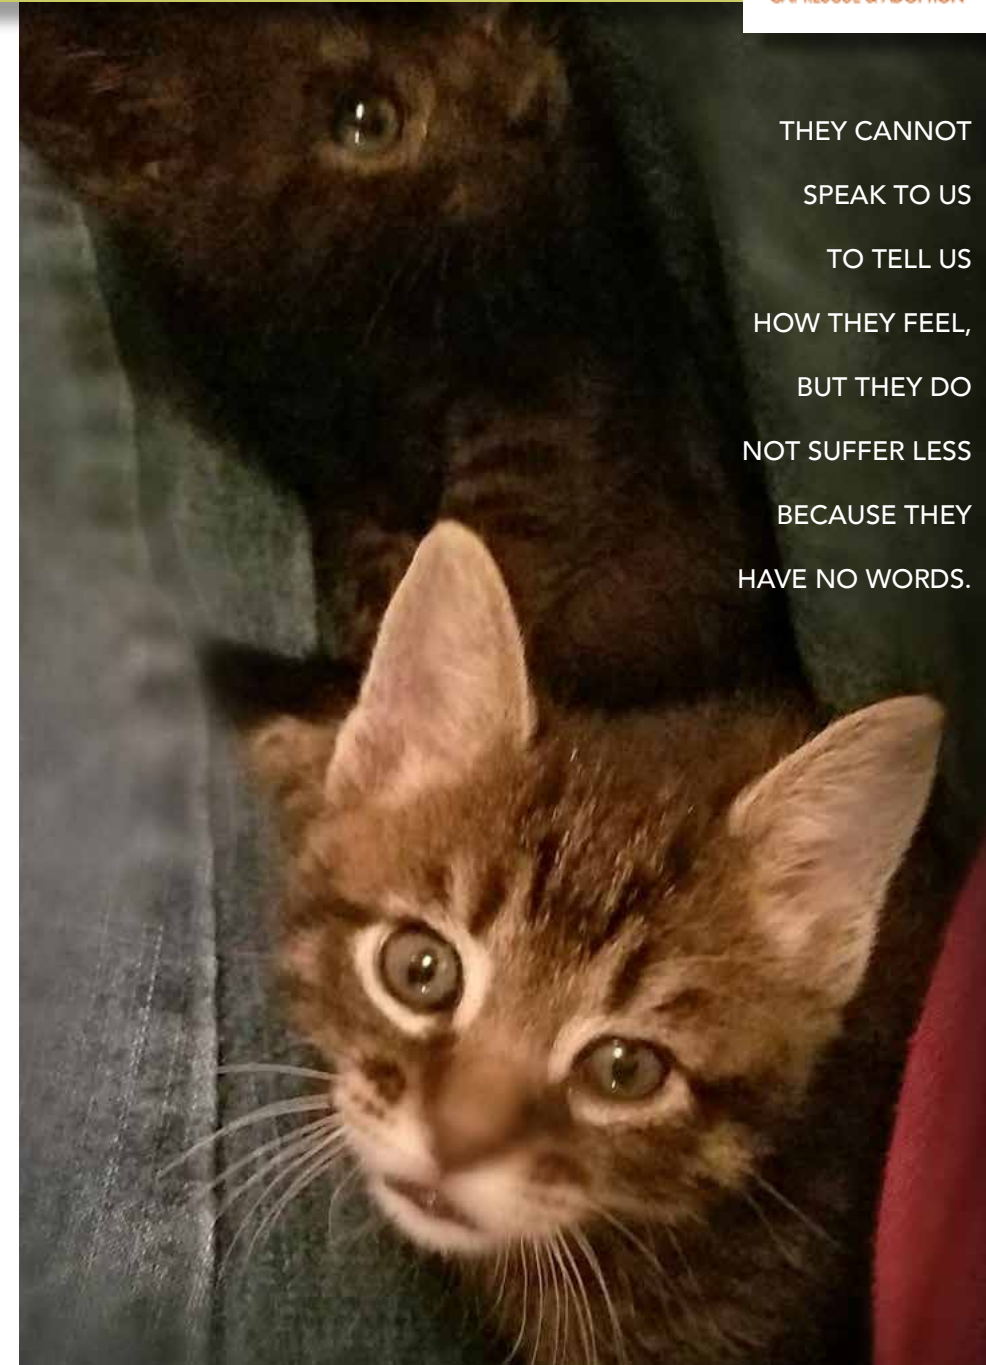

THEY CANNOT
SPEAK TO US
TO TELL US
HOW THEY FEEL,
BUT THEY DO
NOT SUFFER LESS
BECAUSE THEY
HAVE NO WORDS.

Dear Friends,

All around us Spring is awash with new life! Flowers are blooming. Baby birds and rabbits are in their nests. And pregnant cats and moms with kittens have already started to arrive at our doorstep!

We will never turn them away. They are frightened, hungry and many are in need of medical care. Some of the mother cats are so young that they will need assistance just caring for their own litter.

When there are so many little mouths to feed and no one to help these kittens and their mothers, the kittens will die of neglect and starvation.

PLEASE HELP US TO CONTINUE TO RESCUE THESE LITTLE FAMILIES!

Last year with your help we were able to save more than 30 moms and 150 of their babies. We provided medical care, wholesome food and loving foster caretakers for all of them. And they all went on to find safe and loving "forever homes."

MILLIE

Please help us once again by giving as much as you can. This year's cats and kittens will again require medical care, supplies and nutritious food. . .which your gift will provide. With the donated labor of more than 70 volunteers and your generous support we can save even more of these little families.

DID YOU KNOW?

Cats can become pregnant as early as five months old. This is why spay/neuter programs are so important in keeping the cat population in check.

All of Andy's Friends cats and kittens are spayed, neutered, vaccinated, tested and microchipped prior to their adoption.

THANK YOU to our veterinarians for their compassion and generosity in offering us deeply discounted prices. Because of their partnership we are able to provide medical care for more precious kitties.

THANK YOU for stepping up once again to make a difference, to save a life, to offer safety, health and love for cats and kittens who otherwise would have little hope of survival.

THANK YOU for supporting us in our ongoing mission to change the world for these gentle souls.

Sincerely,
Beth Allen, Director

RAFAEL'S STORY

Rafael was found in a dangerous neighborhood, terrorized by kids who covered his head with glue. His eyes and lips were glued shut and he could not eat. With the help of our vet we worked to remove the glue over a period of weeks. Thankfully, his eyes were not damaged and in just six weeks his emaciated little body gained 5 lbs! Today Rafael is thriving and well-loved in his forever home.
